

Moowduuca xisaabta fasalka afaraad(4)- maxaay ka wadaan?

Moowduuc	Micnaheedu waa maxay? Ardayda waxaay sameeynaayan:
Qiimaha booska ilaa iyo kunn	<ul style="list-style-type: none"> Fahamka guud ee qiimaha booska ilaa iyo hal milyun, fahmida xajmiga nambarka boos walba. Ku celi nambarka weeyn boos walba.
Si fasiix ah ugu dar oona ka jar ilaa iyo hal malyuun.	<ul style="list-style-type: none"> Si fasiix ah ugu dar oguna jar nambaraha waaweeyn adiga oo isticmaalayo qaabka caalimiga ah oo looga shaqeeyo xisaabta iyo in aad u cadeeyso sababta aad jawaabtaa ula timid.
Xalinta suaalaha adiga oo isticmaalaya ku dhufushada.	<ul style="list-style-type: none"> Fasir iyo matal qeeybta ku dhufashada si is bar bar dhig ah Ku dhufu si aad suaalaha xisaabta ah ee xarfaha ah adiga oo isticmaalaya isla egg iyo sawir.
Ku dhufu hal nambar iyo laba nambar	<ul style="list-style-type: none"> Faahfaahi waana bayaami jawaabaha adiga oo isticmaalaya qaab ayada loo eegayo qiimaha booska, qeeybaha shaqada, isla ekida mise tusaale. Ku dhufu ilaa iyo afar nambar adiga oo ku dhufanayo hal nambar oo weeyn iyo laba nambar oo waaweeyn.
Qeeybo iyo dhufsashayaasha	<ul style="list-style-type: none"> Go'aanso in uu nambarka weeyn uu yahay mid kale(prime) mise mid nambara badan aay qeeybinayaan(composite) (0-100) Tiri kuwa la isku dhufu iyo waxa qeeyba nambar walba(1-100)
Xalinta suaalaha adiga isticmaalaya qeeybinta.	<ul style="list-style-type: none"> Ardayda waay qeeybiyaan in aay xaliyaan suaalaha qoraalka ah oo aay ku jirto is barbar dhiga ayaga oo isticmaalaya is la eggida iyo sawiro. Ardayda waay xaliyaan suaalaha qoraal ka ah oo leh baaqiga waxaayna isticmaalayaan xisaabta maskaxda iyo qiyaas si aay ku faahfaahiyaan jawaabtooda.
U qeeybi hal nambar	<ul style="list-style-type: none"> Raadi nambar waeyn oo qeeyb ah iyo baaqi (ilaa iy 4-nambar lugu dhufu 1-nambar)
In lagu xaliyo suaalaha ayada oo isticmaalayo isla eegyo	<ul style="list-style-type: none"> Xali suaala qoraala oo tilaabo badan leh nambara waa weeyn mise kaamil ah iyo jawaabo leh nambara kaamil ah mise waaweeyn adiga oo isticmaalaya isku darid, kala jarid, kudhufasho iyo qeeybin. Qeeybin leh baaqi- soo bandhig suaalahani adiga oo isticmaalaya is la eggid.
Leenka kala bara ah	<ul style="list-style-type: none"> Sawir dhamaan xariiqqa kala barra sawiraha haddii la kala jara isla ekaanayo. Sawir dhibcaha, leemanka, Draw line segments, rays, xaglaha, perpendicular & xariiq is garab socda.
Geesoolayaasha	<ul style="list-style-type: none"> Kala sooc muuqaalada ayaga oo aad ku saleeyneeyso leemanka is garab socda mise isku dhaca, xaglaha, iyo in aad sheegtid seddex geesoodka midigta ah
xaglaha	<ul style="list-style-type: none"> Xali suaalaha isku darida iyo kala jarida si aad u ogaatid xaglaha aan la ogeeyn aadna ogaatid cabirka xagasha degress adiga oo isticmaalaya(protractor)
Xajmi u qalma cutubyada cabirka.	<ul style="list-style-type: none"> Isticmaal afar qaab oo lagu xaliyo suaalaha qoraal ka ah ee aay ka kujirto masafo, wakhti,mug. Isticmaal Hagge in aad fahantid qiyaasta xajmiga balaca (gaari miisaankiisu qiyaastii waah al tana)
Matal oo fasir xogta.	<ul style="list-style-type: none"> Xali isku darida iyo kala jarka ee suaalaha jajibka ah adiga oo isticmaalaya sawirka xariiqqa oona samee xariiqqa sawirka oo jajib ah (1/2, 1/4 & 1/8)
Wareega dhismaha	<ul style="list-style-type: none"> Isticmaal habka lagu raadiyo wareega afar geesoodka- ku dabakh nolosha caadiga ah iyo suaalaha qoraalka ah.
Goobta	<ul style="list-style-type: none"> Isticmaal habka lagu raadiyo goobta afar geesoodka- ku dabakh nolosha caadiga ah iyo suaalaha qoraalka ah.

Moowduuca xisaabta fasalka afaraad(4)- maxaay ka wadaan?

In la egg jjabka iyo is bar bar dhiga	<ul style="list-style-type: none">• Is bar bar dhig laba jjab oo leh sareeya iyo hooseeya kala duwan adiga oo isticmaalaya $<$, $>$, $=$, \neq
Ku darida iyo ka jarida jjabka oo hooseeyahooda isku midka yahay	<ul style="list-style-type: none">• Isku dar oo kala jar nambaraha isku qasan oo leh hooseeya isku mid ah oona xali suaalaha qoraalka ah oo aay ku jirto jjab.
Ku dhufa jjabka nambar weeyn.	<ul style="list-style-type: none">• Xali suaalaha qoraalka ah adiga oo ku dhufanayo jjab nambar kaamil ah.
Mataanee jjabka, tobonlayaasha iyo lacag	<ul style="list-style-type: none">• Isticmaal $+$, $-$, \times, \div in aad ku xaliso suaal qoraal ah oo aay ku jirto lacag, adiga oo ku darayo suaalaha aay ku jirto jjab iyo dhibco.
